

Lean Six Sigma Project Sponsor

Length: 1 Day

Summary: The Lean Six Sigma Project Sponsor class is intended for leaders and managers who are process owners. These process owners are the ones who will benefit from the successful completion of Kaizen events, Lean Six Sigma Green Belt projects and Lean Six Sigma Black Belt projects that affect their processes.

This class will enable them to be effective sponsors. Effective sponsors are a great support to the Lean Six Sigma teams and are a key element of having successful projects.

Attendees will gain an understanding of Lean Leadership and they will practice applying Lean Six Sigma tools via hands on simulations. The class will provide guidance for project identification and selection and will define the role of a project sponsor.
